Hershey: "Queen of the house, first mate for Lake Erie charter boat"

Hershey was a rescue that was found by people who had left her tied to the underside of a deck. Upon rescue, a married couple had her for a year, but the marriage would end & Hershey was taken by the spouse. I dated the divorced spouse from 2007-2012, showing Hershey how to duck hunt, camp, and roam the hills of southern Ohio. She found her companion—a 3-legged black Lab rescued in Galipolis, Ohio in Dec. 2007. The three-legged rescue was named Trio. Hershey & Trio survived their own beautiful marriage from 2007-2016 when Trio became ill & passed on. Hershey would continue on for another 14 months, traveling to her Lake Erie cottage for 45 weekends a year & many more vacations. Hershey and her beloved Trio lived a life of weekend travel in many dog bed-filled traveling kennels—aka 'mini vans.' They traveled to hunting cabins in West Virginia, hunting camps in Galipolis, Ohio, northern duck hunting camps in Ontario, Canada. Hershey was the first mate of a successful charter fishing business in Marblehead, Ohio. She greeted many customers along her journey & always had a smiling face & a wagging tail. Her memory is burned into my heart of all the journeys & adventures the three of us took. I will spread Hershey's ashes with her beloved companion Trio high on a hill in Gallia County, in some beautiful green grass under two majestic Walnut trees so her & Trio can roam the hills. RIP Hershey girl, tell Trio I said Hello, Your daddy misses you guys!
