

Andy Panda Moran

October 28, 2011 - April 26, 2021

Our daughter adopted Andy from the Knox County Animal Shelter. He would come to visit us when our daughter came to visit us. About a year later, my daughter was having to give Andy up, and we happily took him.

He was a little houdini, finding the smallest of hole in our fence, and escaping into the neighbors yards. He would play hide N go seek with me. He hid behind the neighbors bushes and peer out to see if I was coming to get him. He knew when he saw me with his leash, the game was over.

Andy helped me catch a kitten who wasn't people friendly. The kitten would rub on Andy, and I would pet the kitten. I was able to eventually pickup the kitten. I named the kitten after Andy; his name is Anderson.

Andy went everywhere with us. We will sadly miss Andy, but he is Forever In Our Hearts.
