

Asia Stetzer

February 14, 2015 - August 29, 2022

As a graduation gift, Asia came into my life in the same way that she left it; by surprise. At 10:04am on the twenty ninth sat of August, our girl crossed the rainbow bridge to be with the Lord. Nothing could have prepared me for this fateful day. Asia was the dog through all of the milestones. She watched me graduate high school, have my son, move into my first apartment, and get engaged. My first "child", and the definition of "Do no harm but take no shit". Asia was a strong willed , feisty girl; with a heart of gold. Some of her favorite activities included rides to the post office, watching the neighbor kids play basketball, and barking at the motorcyclists.

Survived by Amanda and Sebastian, and our son, Casper. In addition, she leaves behind her uncle Michael, Grandpa Marc, and great-grandparents; Vikki and Patrick. Asia will be deeply missed by her family and loved ones.
