

## Astro Jacques

April 10, 2009 - December 4, 2019

Astro was an absolute joy to be around. He had a special knack for making people laugh. When he was a puppy I discovered his love for the outdoors and hiking- which we did together as often as possible, including a backpacking trip and several camping trips. He loved to snuggle, play (hide'n seek, zoomies, wrestle) drive in movies, and especially giving his dad upside down kisses exposing his ever growing overbite. He was a special guy and loved by many. He was a very popular taste tester and couch potato for many years at Three Dogs Bakery and the became the face and sous chef of his moms very own dog bakery The Cakehound. Astro was the absolute best. We know he's reunited with all of his old buddies, and one day we'll meet again.
