

Bella Evans

February 14, 2009 - September 22, 2021

Bella was known as Mary Poppins in our house because she was practically perfect in every way. Bella never knew a stranger, always happy to greet people anywhere she went. She truly was man's best friend. Bella and her dad had a very close bond and she never left his side even in her final days. She was a precious addition to our family and things won't be the same without her. We know she is resting peacefully over the rainbow bridge with her brother Pepper.

We love you Bell Bell.
