

Bella Marie Schaffer

July 8, 2016 - July 12, 2022

Our Sweet Baby girl Bella, where do we begin... We miss you terribly. Six years ago when you chose us to be your Mom and Dad we accepted without hesitation. Never did we think that we would only have a short time with you. You were so special to us and your brother Stitch. Stitch is so lost without you. We miss giving you your daily kisses on your forehead that you loved so much. We miss your snuggles at bed time. Our lives will not be the same without you. We will forever love and miss you. We could go on and on about how special you were. You were such a good, sweet girl and we are thankful for the memories we have with you and of you. Until we meet again Sweet girl.

We Love you.
