

## Bella Maria Tourville

September 6, 2007 - September 26, 2022

Bella came into our family 15 years ago when her mom was just 18 years old. We could never have imagined the impact she would have on our lives. She was the most loyal companion and the most loving and cuddly of all dogs. She helped her mama through the hardest of times and never left her parents' side. She was loved by so many. Bella broke many of the stereotypes of chihuahuas, she didn't have a mean bone in her body and gave nothing but love to any and everyone that she encountered. She could find happiness in just about anybody's lap but preferred her mom and dads the most, especially in her later years.

The sweetest pup to every person, she was still quick to put any bigger dog in their place the second she got the wrong vibe from them.

She welcomed her baby german shepherd brother into our home at 9 years old and let him know she was the queen of the castle. Bella lived a happy, cozy, and active life and even though she lost her sight in 2019, she continued to adventure on walks with her family whether on foot or in her satchel, she was never left behind. Bella loved snuggling in her heated blanket and bed, basking in the sun, and being with her people. Bella fought for over a year to stay with her family, making comeback after comeback and defying the odds and her veterinarian's assumptions time and again. She was the strongest little baby and the cutest girl in the whole world. She left a massive hole in our hearts and lives when she left and will never be replaced or forgotten. We love you so much sweet Bellie girl. You are and always will be our best girl in the

whole world. We will never stop missing you.
