

## Bella Webster

June 1, 2013 - September 16, 2020

We were so fortunate to be your family. You loved us unconditionally. You had a keen sense of humor and you could "ham up" for any situation from family photos to the bath after the skunk spraying. That's why we called you the Disney dog, you were a movie star. But even more, you loved being with us even through hard times like when we lived in a travel trailer during home renovations. Bella, you were always a comfort when in sad and difficult times and a joy everyday. We look forward to seeing you at the Rainbow Bridge.

-Jean-Ann Webster
