

Bentley

August 6, 2004 - January 19, 2018

Bentley was the best buddy we've ever had - we had the joy of being his companions for the past 13 1/2 years. He was also the best birthday present I ever got! Our favorite memories are: all the walks we took, playing frisbee, swimming at Antrim Park, feeding him salmon in the morning & lots of other treats, how he'd lay by our side & keep us company, all the parties he attended and how he'd befriend all the party goers, his big ol' smile & that wonderful "poor pathetic puppy look" that said "Feed Me". And how when it was meal time, we'd say "puppy dance" and he danced all around the kitchen til he was rewarded. Bentley - you will be forever in our hearts & souls!
