

## Blu Kelleher

September 21, 2018 - May 9, 2023

This dog! Amazing! Blu was born blind and as we would find out later, with diseased kidneys. He was 1 of 5 pups thrown in a dumpster with their mother. Luckily they were saved by a generous veterinary technician who fostered them until they could be adopted. I took this boy in knowing I wanted him to be a strong independent individual despite his handicaps. He was the bravest dog. He learned to navigate stairs alone by 12 weeks old. He learned to navigate around a horse farm as a smart, free-thinking pup. We had our own language. I kept him from anything dangerous but did not coddle him. He was confident, friendly, adventurous, loving, and so so brave. I will miss him with all my heart for all my days.
