

## Booka Heckman

August 14, 2004 - January 17, 2020

Booka was our very best buddy for almost half of our lives. He was there for us through all of life's joys and sorrows and brought laughter and smiles and snuggles into all of our days together. He was beloved by all who knew him including his loving parents and grandparents..."the pack". We miss his kisses and Christmas morning will never be quiet the same without watching him open present. We will love him forever.
