

## Bosko Rhinehart

March 2, 2005 - October 5, 2020

On Oct 6, 2006, I was "drawn" that day to stop by CAHS on Scioto Darby. There was Bosko the perfect little pup in the 2nd cage- Rm D. I took him into the "get acquainted room" and we bonded instantly. In spite of ready that he had been "returned twice", and his names previously had been "Butch" and "Bos Hog", I had to rescue this sweet baby. For the next 14 years he made us laugh daily and was my constant shadow. He loved to play hide-n-seek and was just the most fun dog ever. I am 62 and have had dogs my entire life (except for 9 months in an apartment that did not allow pets). I have loved and cherished each dog I ever had. Bosko though had a little something extra special. It crushed both my husband and I to say goodbye to our best little companion ever. RIP Bosko - You were so loved by everyone you met.
