

Boz Hamilton

July 31, 2008 - February 16, 2018

On a cold misty day in 2009, you had appeared out the fog thin and hungry. We had taken you in and nursed you back to health. During my 6 month chemo ride, you were always by my side and you became the King of the brood. You are loved and will always be missed R. I. P. King BOZ.
