

Breazy Martens

October 1, 2006 - August 31, 2020

Breazy was a very special dog to me and my grandma. She was always able to brighten our days with her pug sass. She was my first pet as an adult and I had her since just after graduating high school. She was my magical dog, as she always had a sense when I was sad or upset. I miss my Breazy girl so very much, but she is in an awesome place with her human sister Anastasia. Love you sweet Breazy girl always and forever.
