

Bristol Billick

May 24, 2012 - September 24, 2020

Bristol was a racing Greyhound who came into our lives in July 2016. He had just retired that May at the age of 4. It was love at first sight and we cherish the day we first saw him at GAO in Chagrin Falls. From that day forward he worked his magic on all of us - even my elderly mom who always claimed to be afraid of dogs. Bristol converted her and she cried the hardest when we had to let him go. He was a true "gentleman"- a gentle soul that we will always adore. Run free sweet boy.
