

Brownie Sharon

October 31, 2005 - July 4, 2019

Brownie was a rescue we adopted from a shelter when she was 4 months old. She was a loyal, energetic, and loving member of our family as it grew from 2 to 6 in size. Brownie's favorite activity was retrieving thrown tennis balls. She'd do this all day long if someone was willing. She's a "classy lady" of several names; "Beast", "Browns", "Big Momma Sweet", and sometimes just "B". Brownie never missed a scrap dropped, an opportunity to bark at a dog walking by her house, or a chance to have her ears scratched. She was a great listener with a kind heart.

Brownie was normally the first family member to enthusiastically greet anyone coming through the door and always gave a special goodbye. She had a special way of burying her snout into our chests that we knew was her "I love you" to us. Brownie maintained the same energy and enthusiasm for life from the day we met her until the very end. There are so many things we have learned from her and we are so grateful to have had her in our lives. Brownie will forever be missed, but always be loved.

We Love You Brownie,
Dad, Mom, Brad, Emily, and Bandit
