

## Buddy Buster Moran

February 25, 2012 - April 26, 2021

We got Buddy as a puppy. He was a roly polly all white puppy. He was energetic and wanted to play.

As he grew, we had to buy bigger dog toys, as he grew into a bog boy.

Buddy lived outdoors with his friend Niko. They would alert us to visitors.

Buddy loved water, and would stand in his over-sized water bowl. He chewed on his water bowls and would dump them. We eventually had to buy a bowl (tub) bigger than Buddy.

Buddy's favorite treat was Milk Bones. Buddy loved attention and couldn't wait for us to go out and visit him. Bill and I would sit and bird watch near his cage.

Buddy was a big dog, but still a puppy at heart. He will be sadly missed ,  
Forever In Our Hearts.
