

Buddy Trickle

October 11, 2020

Buddy was a very special little dog. He know me as well as I knew him. He was everyone's friend. He loved going for car rides, and to the park but most of all he loved going with me, and I loved being with him. I have a hole in my heart that I do not think will ever heal. I so miss my little buddy.

“Buddy would always come across the street to visit and wait for a loving cuddle. Such a sweet little soul, very inquisitive. He sure loved his master and would follow him wherever he went. Rest In Peace, dearest little Buddy. You are loved and missed. ❤️ Debbie and Stephanie Honeyman
