

Buster "Beanie" Welly

May 30, 2003 - January 2, 2018

Buster was rescued from a house with many cats & dogs when he was just a puppy. My daughter adopted him...but Buster adopted me. I spent many years with him. He was always there for me. He knew when I was down or sick and would not leave my side. I was always greeted by Buster. I miss that. I was with him for his last breath and he is always in my heart. I miss my sweet friend and love him dearly. Thank you Schoedinger for caring for my friend.
