

Buttercup Dunning

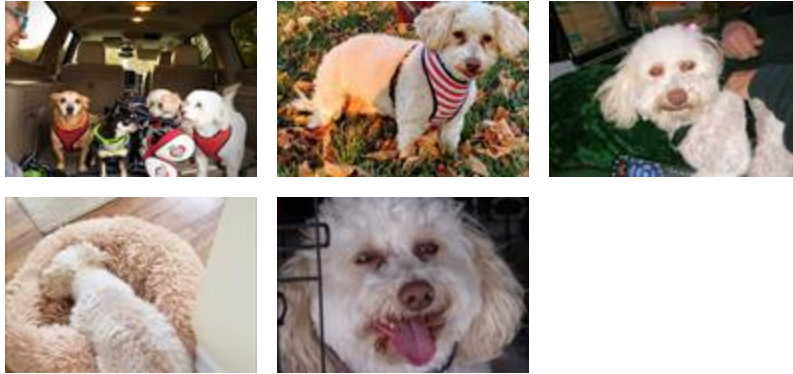

January 6, 2006 - February 11, 2021

She was my longtime best friend and older sister to (from left) Sadie, Zippy, and Sophie. We traveled to many fun places and states and finally from California to Ohio in 2019. She was always game for something new and fun, but her favorite thing to do was take a walk in the park or around the block. She found a treasure in every leaf, flower and blade of grass. She taught me to "stop and smell the roses... daisies or dandelions!" I will always love her and miss her every day. I loved each phase of her life, from puppyhood to senility...she was a joy, blessing and friend, always in my heart.
Love, her "mom"
