

Carmell Patton

July 23, 2021

Carmel was the sweetest guinea pig. She loved to be held and would give you kisses. Carmel was the queen of the heard of 10. She would always sit on her pillow. She was the first to greet new piggies into the family. She will be forever missed.

“ *My baby gir, lhow I will miss you so and already do. I miss walking into the room and you being the first to want to greet me. I miss seeing you sitting up on your fluffy pillow and being the boss of all the other piggies. Thanks for making me love guinea pigs so much and allowing so many into our home. Hope you are in piggy heaven with all your other friends we lost along the way.*
