

## Casey Johns

April 6, 2018

Casey come into my life one unexpected day when a kid was walking down the street and stopped and asked...."Hey, would you want to buy this puppy for \$20?" When I took him from the boy and held him in my arms and we looked at each other I just knew I was hooked....just a little fawn colored little guy with floppy ears was gonna be my guy!! Little did I know those little floppy ears were going to turn out to be these amazingly huge radar ears!! ☐

I have to be honest....he was an ornery little thing like any other puppy but he was so good and so very smart right from the get go!! I never had to cage him when I left for work, he was good all day and waited patiently for us to get home from work and school so he could go for his daily walks which he totally loved!! Besides going for walks, his favorite thing was for you to throw a tennis ball as far as you could so he could run as fast as he could to go and get it and bring it back and do it again and again!! He had a basket full of toys he would pick and choose but would always go back to the tennis ball! ☐

Casey was not only my protector, best friend, confidant and companion...he was like another son to me. He loved me unconditionally! He was there when I was sick and comforted me when I was sad. He was there to celebrate the good things that happened!! His love never wavered. I never dreamt that I would only have 11 short years with him....my time was cut way to short! When I found out he had a tumor on his spleen we did everything we could but here we are! Always remember...never forget! I am thankful he isn't suffering anymore and he is with God and my family waiting til I can join him

again someday!

I miss him every day and his place in my heart will forever be squeezed tight.

“ We are so sorry that you have to endure this Billie Jo. We know what it is like to lose a fur baby. Some people just don't understand how attached you become with your pet and how much they become part of the family. Prayers that God will comfort you in your loss.
