

## Chester Riley - Cornelis

March 15, 2016 - November 24, 2020

We took in this tiny, fearful feral kitten in July 2016. He immediately bonded with his brother Phillip, and began living his best life. He grew to be our largest cat (15 Lbs!) but remained sweet and gentle until the end of his too short life. RIP Chessie - cat. May you have unlimited cheese and red toys in heaven.
