

## Cinder Speer

July 15, 2015 - April 18, 2024

Cinder was and is, my whole heart. She was my soulmate cat. My partner and I adopted her in August 2019 from the Eat, Purr, Love cat Cafe. She was with me through vet school and my first years of being a doctor. She was always friendly, sweet, silly, gentle and kind. Everyone who met her loved her. She died unexpectedly and traumatically on our way to Mec Vet the night before New Years Eve 2023. I miss her everyday, but she is always with me and in my heart.
