

## Coconut Policano

October 25, 2025 - March 13, 2026

Coconut was the sweetest boy. He was little but feisty. He deeply loved his person, Ninah, very very much. His mommy Ninah was his favorite and he could always be found by her side. He was a "tubie" fanatic and was very demanding when it came to his treats. He stole hearts wherever he went. While in the hospital he rarely spent any time in a kennel as he was carried around and loved on by nurses and doctors alike. He fought very valiantly for his whole 4 months to stay here on Earth with his mommy. He had many medical procedures, hospital stays and a 5 hour surgery and came through it all like a champ, all while keeping his fiery spirit. If he wasn't getting your attention appropriately he was very happy to offer a quick "Skibbidy-Pap" your way to regain his scratches and pets. No matter the fighter he was and tried to be, Coco's tiny body became tired and got sick very fast. He went to sleep and passed peacefully on March 13th, 2026 at 5:30am. He was cuddled and loved on and told it was okay to go as he crossed over to the other side. A huge thank you to the nurses and doctors at Ohio State Veterinary Hospital, especially Dr. Seger and Dr. Fisher for their extraordinary love, care and compassion throughout all Coconut's medical stays. Our Nutty Boy's life wasn't long but it was full of love. His passing leaves a huge hole in all of us, especially his mommy, Ninah. His body may have been small, but his heart sure wasn't. We know he's no longer in pain and he's healed in Heaven, waiting for us to meet him at the Rainbow Bridge. Until we meet again Coconut kitty, you will always be....."COCO-NUTTYYY.....THE CUTEST

KITTY IN TOWNNNNNNN!" We will FOREVER miss you!
