

Cody Whaley

May 8, 2006 - October 24, 2018

My wife and I were walking around at the Swappers Mart in Johnstown, Ohio when we heard dogs barking and walked over to look. One frisky little puppy caught our eye, and although we was not looking to get another dog, this one was irresistible.

We brought him home, named him “Cody” and turned him loose in the house where he went about wildly running and jumping on and off the furniture. When he was quiet, it was a sign that he was into something or chewing on the furniture.

When my wife would sit down, Cody would aggressively nip and bite at her. We hired a trainer to show us how to cope with and control his behaviors. With very little effort, and in very short time, Cody settled down and became a fantastic and loving dog.

We feel extremely fortunate that we shared over twelve years with Cody. Even better because being retired we were with him 24/7 for the past ten years.

We love and miss our “Cody”, but we know that he is in Doggy Heaven. RIP Cody!
