Paityn's Beloved Hamster

Conner was a beautiful Golden Banded Syrian hamster. He was Paityn's first pet, and he arrived in our home on 12/19/20 as a surprise early Christmas present. Paityn chose the name of Conner because it meant strong-willed and mischievous. At the time, she did not even realize that his first and last name rhymed - this made his name so fun to say and brought a smile to many faces. He was so gentle - he did not bite and would climb into our hands in the evening when it was time to come out and play. He loved broccoli and blueberries. His life was short, but he brought his family so much joy.

- The Wanner Family

A Song for Conner

"Conner we love you, you are the best boy!

So handsome and gentle and Paityn's great joy!"
