

Dakota Jimmy Mayle

March 20, 2012 - July 12, 2025

Dakota Jimmy Mayle (March 20, 2012-July 12, 2025) was rescued by Vicki Groves of My Young and Old Fur Babies, and soon after found his way to us at 3 months old. Even as a puppy, he was something special, smart and generous, and always wanting to please. He saw many adventures in his life, to family gatherings, Niagara Falls, endless dog park visits and doggie daycare days. He brought joy to everyone who met him, with so many people remarking about his exceptional personality and sweetness. He taught me how to love in a way I didn't know possible. He was my soul dog, with an unbreakable connection between us, I felt like we spoke the same language. Even in the end, I heard him, and understood our time here was over. He gave us so much and I will never stop being grateful for every single day he blessed our lives. We are so lucky to have known him, and I'll carry his love with me always.
