

Demi Tienprasid

Demi was an absolute sweetheart. Everyone commented on just how sweet she was for a 111lb Rottweiler :) Some people chose to walk on the other side of the street when they saw her coming...but little did they know it was my Chihuahua they needed to watch out for! We had her since she was a puppy and she never lost that adorable puppy look. She was so sweet and tolerant when we had our children and we always knew if she was around they were safe. She loved belly rubs the most and never shied away from using all 111lbs to let you know when she wanted some love. We will miss every single little thing about her - we couldn't have asked for a better dog. RIP sweet Demi - we love you so very much.
