

## Eddy VanBier

June 8, 2015 - April 3, 2021

We adopted Eddy in 2015, and he quickly became an integral and important part of our family. He was a very curious and adventurous cat, who loved exploring the outdoors and chasing fireflies. Shortly after he joined the family, he developed a strong bond with his oldest brother, Trevor. He loved Trevor very much, and they were pretty much inseparable. It was very rare to witness such a strong bond among cats, especially given they were not siblings from the same litter. Outside of exploring, his second favorite thing to do was to cuddle with his Dad Ken like clockwork around 7 in the evening.

Even though Eddy was the youngest of our family and smaller in stature, he kept a watchful eye and acted as the protector of the family. Eddy was also one of the bravest, even during his final moments with us. We will cherish the time we had with Eddy.

Our sincere appreciation to Schoedinger Pets for shepherding Eddy in his journey to the Rainbow Bridge.

Eddy is survived by his step-siblings Trevor, Rosie, Ellie, and Ozzy, and his Dads Ken and Clay.

You will always be loved, Eddy.
