

Ezekiel "Zeke" Boggs

March 9, 2019

Ezekiel "Zeke" Boggs died suddenly on March 9, 2019 after a sudden, brief illness.

Zeke made friends wherever he would go. He was always energetic and excited to say hello. At times, he had no sense of personal space. Zeke enjoyed many things in life. His couch, His "Fred", Pizza, The trashcan, Car rides, Being Outside with his lips flapping in the breeze and running at the farm were amongst his favorite things.

Zeke will be missed by many especially his family. He was a protector, always greeting them at the door when they arrived home except for the few occasions he was found sleeping on the job. He had recently become a big brother of a baby girl and he protected her and brought her his toys whenever she would cry.

Though his time on his earth was cut short at only 3 years, He was loved by his family everyday. He was never considered a dog but, our son, our baby. At the request of his family, please hug you pet tight, play fetch tonight & give them an extra treat.

Zeke's Family would like to thank Sunnyside Veterinarian Clinic for the amazing treatment the last 3 years, as well as OSU Dublin Emergency Vet for being there when we needed someone.

We love you Boy!

Love,

Dad, Mom, Emma, Ryland, Baby Avery & the rest of your family and friends.
