

Fiona Bright

August 1, 2020

(Fi-Fi-Fiona, Fees, Princess Fiona)

Fiona was a sweet, lovable, girl who liked to sneak kisses when you were least expecting it. She gave attention to every person who walked through the door but always came back to Mommy in between cuddles with others to let her know she was her human. Her favorite place to lay was on the couch in between Mom & Buddy or curled up under covers at Mom's legs.

She will be missed.
