

Flerken Smith

May 4, 2019 - April 8, 2020

Flerken was a wonderful soul. He loved playing with all of his brothers and sisters (both human and animal). Every morning and night he would come to his mom's room for his good morning and good night pets. He made all of his family very happy. He was so young with so much life left to live. He is gone too soon and will be forever loved and missed by his family.
