

Friday Hershey Bonham

October 17, 2020

"We cannot believe how suddenly this beautiful girl left us (less than a month after the death of her sister). She was Mama's girl and security detail. Friday loved feet, bopping change off of her cube, cuddling with her boyfriends, knocking on doors, pinning Daddy and the other cats down and washing their heads (which was hilarious), and was a wonderful auntie to the kittens. She came into our lives exactly when we needed her and didn't stay long enough. She was a real character - we were lucky to have her in our lives. We will miss our freckled baby girl. ♥"
