

Fuzzy Stewart

May 24, 2024

Our precious little Fuzzy was born on our back porch swing in the Spring of 2008. She became an instant member of our family. Fuzzy brought happiness, joy, and a smile to our face with every interaction! And while she lived outside she had the life of a princess. A condo built for her and her siblings, heated in the winter and cooled in the summer, two meals a day and constant love and attention. For fifteen years we shared our lives with Fuzzy, she is greatly missed and holds a forever spot in my heart!

For Fuzzy, rest easy my sweet girl, mom and day love you!
