

Gladys Nadine Cole

January 7, 2025

Gladys Nadine Coles died unexpectedly at her home on January 7, 2025. Gladys was a spunky, one-eyed beauty. She was rescued in June of 2013 at about 8 weeks old from Ashtabula Animal Protective League. Her mom saw her photo on a Facebook post and it was love at first sight. She enjoyed stealing hair ties out of her mom's hair, hiding socks, and knocking over glasses of water. She loved to be the center of attention and even served as the "Cat of Honor" in her parent's wedding. In her older years she could be found napping in strange places, her favorite being drawers that she would open on her own. She was the typical annoying little sister to her big cat brother Gilbert, and annoyed older sister to her dog brother Rocky. She also had two adoring human brothers, Oliver and Archer who will miss her so much.
