

Grace Lemiesz

September 22, 2018

Grace was my heart, my partner in crime; she was simply "momma's baby girl". For over 11 years we shared life together until she was suddenly lost due to undetectable metastatic kidney cancer. Grace was loved by so many - her uncle Scott, her dearest friends Ceil & Brian, & her late grandmy.

Grace, honey you came to me when I needed you the most, and while I still need and miss you, I loved you too much darling to ever see you suffer. Fly with the angels "Princess" Grace , your mommy loves you and I always will.
