

Grete Hurni

Message About Pet: Grete rescued me from dire straits at a time when I was alone, had just lost my job, and had also just lost my 14 year-old puppy and best friend Bodine, I thought that there could never be another dog to take her place, but I was wrong. A friend convinced me to go to an adoption event at a shelter one weekend in November of 2012. I wasn't there 5 minutes when she found me. She was the sweetest, gentlest dog ever. She never met a person or another animal that she couldn't get along with. Grete will be sorely missed by me, my partner Susan and her doggy best friend Quentin. Rest in Peace old friend.
