

Gus Shirkey

December 16, 2009 - May 4, 2019

You came into my life just when I became an empty nester single mom. You were 10 weeks old. You filled my heart with such joy and taught me about unconditional love. I am forever grateful for all the walks we took together, your obsession with real tennis balls, and your superior intelligence. You taught yourself how to open kitchen cabinets and even open them at the vet's office. You are forever in my heart Gus. I loved you very much!

Love from your dog Mom,
Christine Shirkey

PS I miss all the laughs you gave me by stealing my spatula, putting the tennis ball in the dish washer every time I did the dishes, and your love of eating cucumbers!

Forever in my heart you will be.

Best dog ever!
