

## Harley Reynolds

January 7, 2022

Harley was such a loving dog we were inseparable. I feel so blessed to have had him since he was a puppy. This has been so hard. He was by my side through so much. I'm going to miss our trips to dairy queen and mcdonalds after our vet visits. He leaves behind a younger brother Tugboat , and a little sister who is beside herself. He was the best big brother - always by her side. Rest in peace my friend. We will meet again.
