

Honey

July 4, 2023 - April 19, 2024

Honey was born on July 4th, 2023. Her mommy is Bella and her daddy is Huck. She is a Brazilian Mastiff. She was born with 15 other siblings, surprising her entire human family! She was the tiniest of all of her siblings. She was 1 of 11 girls! She had the best mama and daddy. Mama still cleaned her and scolded her and daddy was her play buddy. She also loved to play with her sisters, Stella and Lilly. And she loved to snuggle and nap with her brother Henry. She also loved to play tug of war with all of siblings and daddy at the same time!

Her hoomans spoiled her like crazy. She got all of the extra treats. And tons of hugs, kisses and love. She was her hooman mommy's "honey boo boo". Her hooman sisters all called her "little girl". She was the absolute sweetest. She gave the best kisses!! Even though the cows, chickens and goat weren't her biggest fans, the entire Arnold family misses her beyond measure.
