

## Hugo Dale

October 27, 2019 - November 9, 2024

Hugo was the sweetest member of our clutter of cats, playing with all of his sibling kitties with equal favor. His favorite animal friend, however, was our 80-pound pit bull, Stella, whose markings they shared. He could never seem to find the cat box, but was so innocent and funny about it that you could never get mad at him. His trademark was cocking his head sideways when licking something cold. He died in our arms after yet another seizure. He will be missed by everyone in the household. Good night, sweet Hugo.
