

## Jake Reyna

November 29, 2020

“pookie you were such a good & silly boy so smart everyone that came in contact with you always described you as such a sweet boy. You will truly be missed by our whole family. We sure will miss your silly pushy behavior of always wanting someone to rub you and love on you & the way you use to race us back to the bed for our naps. Auntie won't have anyone to mark all her new pairs of shoes & Home will never be the same with out you but we all hope you are resting peacefully ♡ & know just how much we loved you. Thank you for giving us years & years of great memories and you were our whole world & were so sorry you couldn't come home with us but so grateful for all the love & laughs. Until we meet again jake make sure you give grandma & grandpa extra kisses for us ♡

Love

Mom, Sergio, Ricky, Auntie & Jessie
