

## Jeter May

July 3, 2006 - February 24, 2021

Our precious Yorki-Poo Jeter went over the Rainbow Bridge on Wednesday, February 24, 2021 joining his sister Katie.

Jeter became a member of our family August 28, 2006. It was soon apparent that he was taking over as the “Head of Household”. Weighing less than a pound at the time, he had us all wrapped around his little paw. Jeter was excited and happy about everything. He would shake all over (known as the Jeter Jiggle) when he saw one of us pick up a ball, he was always ready for a game. Other favorite games included hide and seek, searching the grocery bags and running from his groomer, Aunt Kim. Like all terriers, he loved to burrow in the blankets on the bed and charge through daddy’s hanging clothes. He loved car rides especially going past farms where he was able to see and bark at horses which we called “big puppies”. He looked forward to his daily trip to the park where he would run and explore.

Diagnosed as a brittle diabetic in July of 2018, didn’t dim his effervescent personality. He took his meds and shots and was excited to get a piece of cheerio as a reward.

Jeter – your home is painfully quiet, we are heart broken and we long to hold you just one more time.

Thank you for all the wonderful years we spent together and all of the precious memories. You will always be loved and never forgotten.

Thank you Jeter for bringing us so much joy and love. Night, night baby dog.

“ Hey Jeter...I wrote a tribute to you two nights ago but it never posted...I feel like the kid who told his teacher "the dog ate my homework"! You may not remember but I drove the bus the day you first came home to Hilliard. Be assured that it was instant love the first moment your mother cradled you...and every day of life thereafter. You brought so much happiness to each of your family members and those memories will be celebrated until you are met again. Rest in peace and know that the lessons you taught us about joy , playing, and fun will enrich our lives now and forever!

“ *Jeter was such a precious little guy with a really sweet demeanor and loving personality. He was so blessed to have Steve, Shari & Brian just as they were to have him. They always took the time to make sure he had everything he needed, all the love and best care in the world. Jeter's little paws rarely touched the floor as he was the most content in his parents arms. Another one of his favorite spots was on his blanket on the couch between Shari & Steve, often turning over on his back showing his cute little pink belly. We could never get enough of that belly, and the adorable "Jeter jiggle". He loved when they were all on the couch together. If Shari or Steve wasn't there, he would have to know where they were and what they were doing. When Brian would come home, everything was complete in Jeter's world...the whole family was together. One of my fondest memories is every time Chuck and I would visit, Steve would be standing in the garage holding Jeter ready to greet us. Jeter was always excited to see us. Uncle Chuck liked to play with Jeter by chasing him and telling him he was going to get his butt lol. Sometimes Uncle Chuck would hide around corners and meow at him too. Jeter brought so much joy to all of our lives and will be sadly missed, but never forgotten. Jeter Bug will always be loved and forever in our hearts.*
