

Jett Fairhurst

January 9, 2010 - September 26, 2022

Jett was a puppy mill survivor. She was rescued by HSUS and the shelter I volunteer for took her in. Teeth all worn down from trying to escape a cage and very withdrawn to the point of possible euthanasia. I decided I was going to win her over and bring her home. String cheese for the win. She got 10 more years. Were things perfect? No, she was still fearful but she knew she was always loved and had a cozy bed and endless string cheese. We all miss her.
