

Karma Sams

April 20, 2010 - February 8, 2021

Karma Lynn Sams, 10, left our home but never our hearts on 2/8/21. Karma was born on April 20th, 2010. She was the sweetest, most gentle girl. She lived her life to show others the TRUE character of a pit bull. She was kind, caring, and always patient. She loved to play, cuddle, and especially give kisses. She loved to eat and get tooshie scratches more than anything! She lived a full life and traveled with her family wherever they went; From Florida beaches to dirt bike tracks all over! Karma also walked down the aisle in her parents' wedding, which was one of the most cherished memories they will hold close. She brought joy to all who had the pleasure of knowing her. Even though Karma had some bumps in the road with her health in the past few years, she was so strong and always overcame every obstacle. Karma enjoyed her life to the fullest and loved her family most.

She leaves to hold onto her sweet memories, her Dad, Mom, and brother Jackson. Jackson misses his "Big Sis" and still looks for her daily. Karma also leaves her Grammies, Papas, Aunts and Uncles, Cousins (both human and canine) and several friends of all kinds.

Karma's family would like to thank The Ohio State University Veterinary Medical Center for always taking such great care of their sweet girl for the last few years. The doctors, nurses, aides, students, and receptionists were always so attentive and kind and have the biggest hearts! We will forever be grateful for each one of you. A special thank you to Karma's Neurologist, Lauren McAllister, for always being available, no matter what time, to help and

answer all of Mom's many questions!

This is not goodbye, but see you again sweet Karma girl....
