

## Kupo Portell

April 20, 2005 - September 15, 2022

"kupo, My Kupo." I would say. Such a sweet bout for 17 years. He would follow me to the ends of the earth. I just hope before he died he knew how much I would have done to not let him go. However, it isn't my choice, and I can only pray to be with him again some day. Sweet, sweet baby Kupo.
