

Lafayette Clingo

August 19, 2023

Lafayette joined our family after we had lost my very first cat Elphaba thanks to Angels Assisting Felines. He immediately became the boss of our house, working delightly to keep our 4 dogs in line and always keeping the laps of his favorite people warm. When I got sick in 2020 he was my constant companion and was often referred to as holding me hostage, lovingly of course. His favorite things to do included patrolling his yard, enjoying his catnip garden, wrestling with his brothers & sister and swinging by the fire with mom & dad.
