

Leah Plumley

April 5, 2003 - June 12, 2020

My Leah was a momma's girl. She loved me so much. She followed me everywhere. She has been to all but 16 states with us. We loved her so very much and will miss her until we're together again. She was my watch dog. She barked at everything. Oh how she barked LOL. Boy do I miss that bark. Momma misses you sweet girl.

Love,

Momma
