

## Lilly Cox

December 25, 2006 - February 26, 2018

My Lilly was a wonderful Boston Terrier. She was 11 years and 2 months when she passed. Lilly was very lovable and cuddly. She loved people but was very selective about other dogs - some she loved - others, not so much. She loved food - hers and mine. Lilly lived with me, Oliver (Boston Terrier)- he passed away one year and two months before Lilly- and two cats - Noel and Tori. Lilly tolerated the cats and would occasionally play with them. At times, I would see her humping a cat!
